

**Many people lost money when Farepak collapsed.**

If you're one of those people who want to put a bit away each week so that you'll have enough to get what you need at Christmas there are quite a few options.

You might want to stop yourself getting at your money before Christmas. You might prefer vouchers to cash. And perhaps you want the money collected from your home.

**Use this leaflet to decide what will work for you.**

The table below lets you compare some of the different options.

To find out how to start using one of these ways to pay for Christmas, there's more information on the back of the leaflet or you can call Consumer Direct on **08454 04 05 06**.
